2018 RESOURCE CONCERN SURVEY

Among the natural resource issues listed below, how would you rate the impact these issues will have on Marquette County in the future? Place an "X" in the appropriate block. Please use the space at the bottom of this survey to elaborate on any of the following or natural resource concern you may have:

Natural Resource Concerns	Very Important	Important	Not Important	No Opinion
<u>Watershed Restoration / Aquatic Health:</u>				
a. Coldwater fisheries				
b. Stream connectivity / stream crossings				
c. Streambank erosion				
d. Wetland degradation				
e. Other (please explain) _____				
<u>Forest & Wildlife Management:</u>				
a. Harvesting practices				
b. Best management practices for forestry				
c. Wildlife habitat degradation				
d. Forest pests / invasive species				
e. Other (please explain) _____				
<u>Non-Native Invasive Species:</u>				
a. Aquatic NNIS				
b. Terrestrial NNIS				
c. Education / outreach				
d. Restoration / native plants				
e. Invasive species disposal				
f. Other (please explain) _____				
<u>Soil & Plant Health / Quality:</u>				
a. Soil erosion				
b. Plant health				
c. Best management practices for agriculture				
d. Other (please explain) _____				

What other natural resource issues do you think need to be addressed in Marquette County?

How do you think the Marquette County Conservation District could become a more effective and active participant in addressing natural resource issues in our area?

If more public meetings or workshops were held, what topics would be of interest to you?
